

**COMMUNITY SERVICE BASED  
CHRISTIAN CELEBRATION**

**2011 Nov 27**

***Helping our community with caring love while enabling them to  
find and follow Jesus!***

**Church for people disillusioned with church, who want to make a difference!**

# True love and caring . . .

Romans 12:9-17

Love must be honest and true. Hate what is evil. Hold on to what is good. Love each other deeply. Honor others more than yourselves. Never let the fire in your heart go out. Keep it alive. Serve the Lord. When you hope, be joyful. When you suffer, be patient. When you pray, be faithful. Share with God's people who are in need. Welcome others into your homes.

Bless those who hurt you. Bless them, and do not call down curses on them. Be joyful with those who are joyful. Be sad with those who are sad. Agree with each other. Don't be proud. Be willing to be a friend of people who aren't considered important. Don't think that you are better than others.

Don't pay back evil with evil. Be careful to do what everyone thinks is right. If possible, live in peace with everyone. Do that as much as you can.

**Today I want to show you  
something of God's incredible  
creation!**

**We have all heard of those embryonic T-Stem  
cells, but how many know exactly what they are  
and how they come about?  
Why should Christians care?**

**Okay so this sperm cells swims up to the ovary  
and after he enters her, a zygote or single cell is  
formed!**

**Then over the next four days it divides,  
duplicating itself many times until a small  
sphere of cells form.**

***Ooops! I said “sphere” didn’t I?***

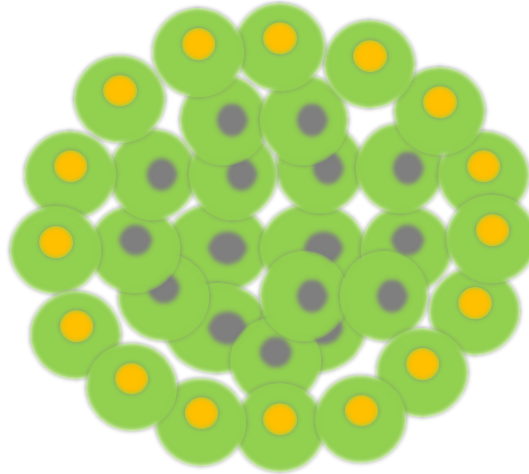

That's a sort of "sphere" now isn't it?

Up to now each cell produces an exact copy of itself. Identical to the first zygote!

Then as about sixteen cells are formed an amazing thing happens,

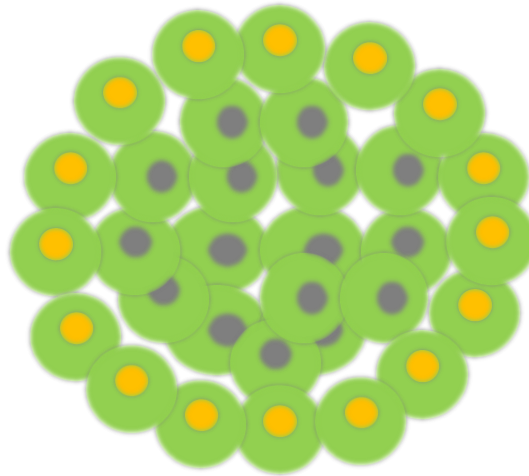

**HOW?**

**We JUST don't KNOW yet!!!**

instead of duplicating themselves, **ONLY** the  
outer layer of cells start to produce a **whole**  
**new kind of cell!**

**GOD knows! but we have still to find out  
how it's done!**

**HOW?**

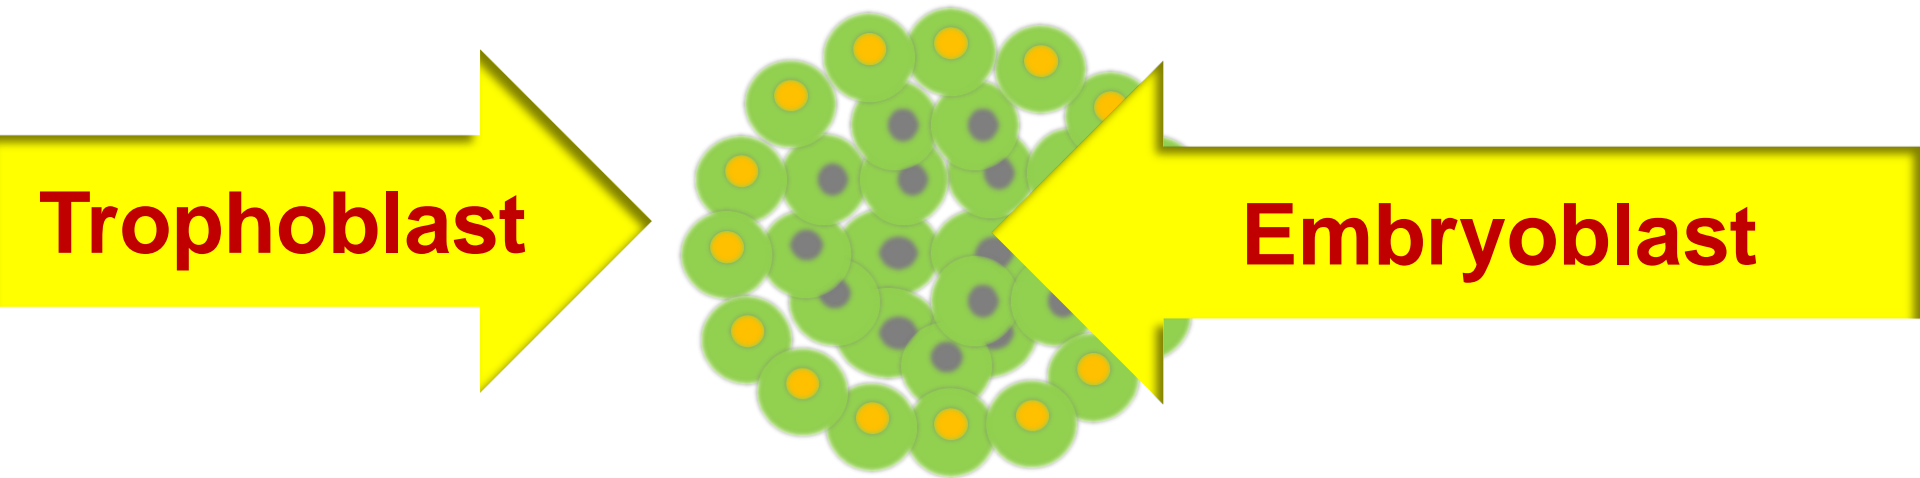

**We JUST don't KNOW yet!!!**

instead of duplicating themselves, **ONLY** the  
outer layer of cells start to produce a **whole**  
**new kind of cell!**

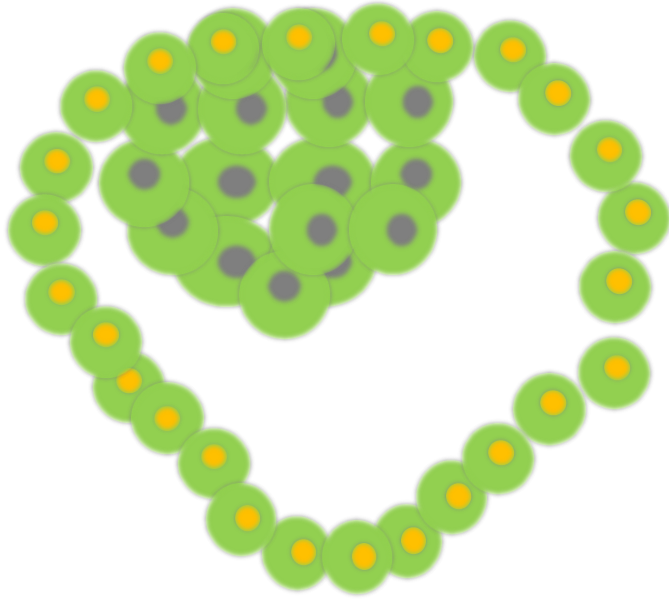

**GOD knows! but we have still to find out  
how it's done!**

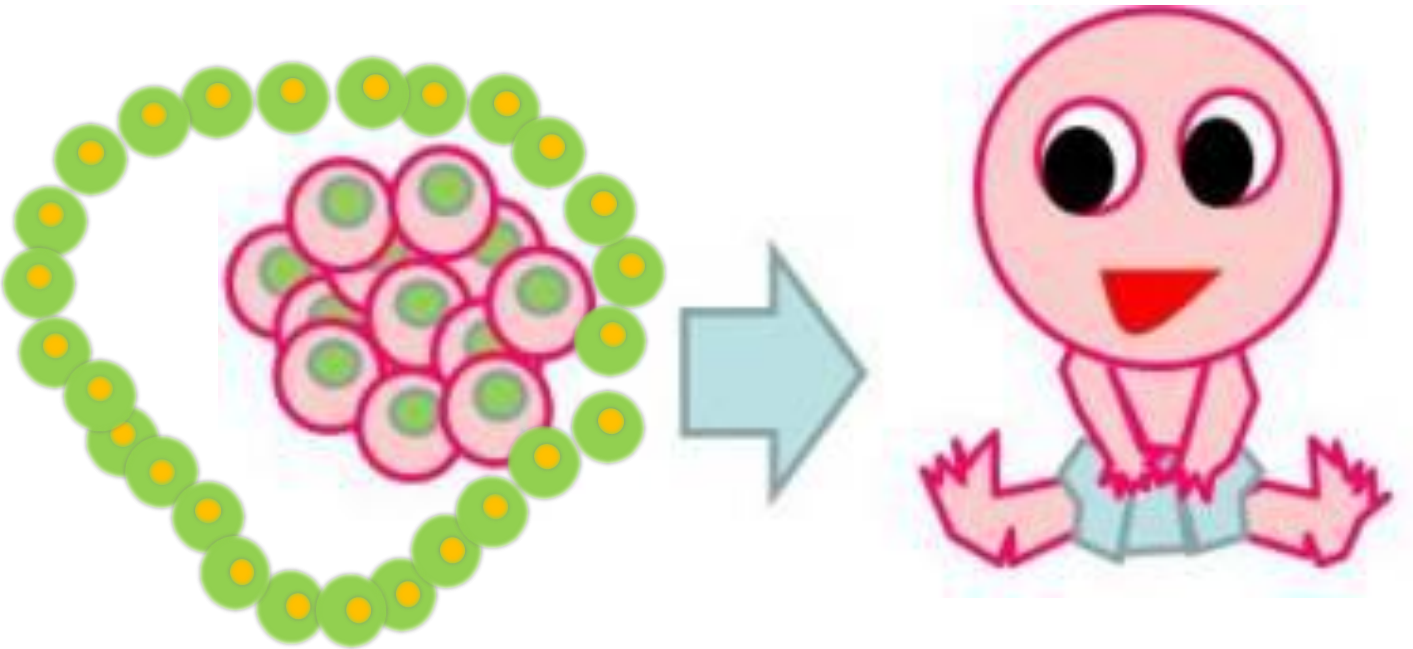

**This finely tuned biological mechanism covers the original cells with a layer of new cells. To differentiate these from the original bunch, scientists call these outer ones the **trophoblast** and rename the inner ones the **embryoblast**.**

**GOD knows! but we have still to find out  
how it's done!**

**The Trophoblast  
multiplies to  
become the  
placenta and hooks  
up to mommy!**

**GOD knows! but we have still to find out  
how it's done!**

**The **Embryoblast** diversifies more and  
more to become the **baby**!**

# ***Amazing isn't it?***

**Ecclesiastes 11:5 says**

**As you do not know the path of the wind,**

**or how the body is formed in a mother's  
womb,**

**so you cannot understand the work of God,  
the Maker of all things.**

To give us an idea of how marvellous I will run a video

**Click to  
view**

**Marvellously Made**

<sup>13</sup> For you created my inmost being;  
*you knit me together in my mother's womb.*

<sup>14</sup> I praise you because I am fearfully and wonderfully made;  
your works are wonderful,  
I know that full well.

<sup>15</sup> My frame was not hidden from you  
when I was made in the secret place,  
*when I was woven together in the depths of the earth.*

<sup>16</sup> Your eyes saw my unformed body;  
all the days ordained for me were written in your book  
*before one of them came to be.*

**Ps 139**

<sup>17</sup> How precious to me are your thoughts,<sup>[a]</sup> God!  
How vast is the sum of them!

**May we give God glory for that  
and look after  
the body  
he gave us!**

**Amen? Do we agree?**
